

SHARING

Kanit Therdsteerasukdi, Parent

We were struggling to find an after school program for our daughter that would give her the love and attention she needed, until we found FCSN. We had tears of joy when we first learned about FCSN's after school program. Our daughter is so happy to be a part of FCSN's after school program

Parul Kaushal, Parent

FCSN is a god send for parents of children with special needs. Their programs are very enriching, helping kids to build on their strengths and shine. Excellent management, teachers and staff makes it all possible.

Evangeline Iyemura, Parent

Our Son has been part of ASP at FCSN for a few years. I feel as if he is with family when he is there. He gets 1-1 time with educators that help him with life skills along with educational learning. ASP has helped him with building friendships & communicating with is peers. He has been given the opportunity to grow in different ways such as dancing, performing with others and singing. Our lives and his have been enriched with being part of this program. We are so happy and privileged to be a part of this.

FCSN's MISSION is to help individuals with special needs and their families find love, hope, respect, and support through integrated community involvement.

FCSN's VISION is to build a brighter future for individuals with special needs through support, training, innovative / therapeutic programs and advocacy

AFTER SCHOOL PROGRAM

REGIONAL CENTER EAST BAY

FCSN After School Program is a vendorized program with the Regional Center of East Bay. The Regional Center Purchase of Service (POS) for childcare can be applied to this program. Please contact your Regional Center case manager for more information. Whoever is not qualified for the POS, can pay out of their pocket.

PROGRAM HOURS

The ASP Program is open from Monday-Friday from 12-6pm. We accommodate minimum day schedules. Our school calendar coincides with the Fremont Unified School District.

FOR WHOM

- School aged students with special needs between ages 5-22
- Without injurious behavior to self or others
- Fully potty trained
- Without medical complications
- Must have transportation to and from program

OUR PROGRAM

Our goal is to provide a safe, fun and healthy enrichment program for children with special needs during after school hours. We offer positive guidance, assistance, and encouragement to help students reach their maximum potential. We believe that all families and individuals can live an active and full life as members in the community, regardless of ability. We put equal emphasis on the spiritual, intellectual, emotional, social, and physical development of each unique child.

WHAT WE DO

DEDICATED CARE FOR CHILDREN WITH SPECIAL NEEDS

At our organization, we are committed to providing individualized care for K-12 children who require special attention. We understand that each child's development is unique, and our definition of typical development is constantly evolving as we uncover new abilities and talents.
